## LOCAL POLICING UPDATE

Newnham and Mapledurwell & Up Nately Parishes

**The breaking news is that, following the implementation of the Basingstoke and Deane policing reorganisation scheduled for 1st April, PC Andy Reid remains in post as our dedicated Rural Beat Officer**

However the discussions with PC Reid and Hampshire Assistant Chief Constable David Pryde which achieved this result were somewhat last-minute and will be ongoing over the next few days – and after the *Villager* has gone to print.

Negotiations have been led by the Upton Grey & Candovers Ward Councillor Mark Ruffell and Tunworth Parish.

Current proposals are as follows:

1. A Dedicated Beat Officer for the existing Upton Grey and Candovers Beat (ie including Newnham & Mapledurwell and Up Nately Parishes) paid for via a 'Community Fund' of voluntary contributions amounting to £60,000 per annum for the next three years.
2. The details of how this is administered, including the mechanism for the receipt of the funding to the Police is still under consideration.
3. Time has been allowed for the details to be agreed and for the funding to be pledged. The existing Police Structure for the Beat will remain in place until these matters are resolved. An indicative deadline of 1st May 2015 for agreement has been suggested.

Newnham & Nately Scures and other Parish Councils are considering using some of their precept to make a contribution to the Community Fund.

In addition, emails requesting pledges of support have been and will be circulating among Parishes across the beat area (apparently this comprises 1,773 homes plus businesses) – pledges will be followed up when the whole policing 'package' is confirmed. Figures of £100-£1,000 per annum have been suggested – and of the many pledges already received some have been smaller and some larger than these amounts but in all cases very gratefully received.

Pledges can be addressed to the Chair of Tunworth Parish Meeting, Daphne Taylor, email dcmtaylor@btinternet.com or to Beechcroft, Tunworth, Hampshire RG25 2NB. For enquiries please call Daphne on 01256 356 267 or 07768 117 362. Further information will be circulated as received.

## WILDLIFE IS EVERYWHERE & EVERYWHERE IS WILD!

Newnham Ponds  
Newt Survey

Newnham Green Ponds recently provided a venue for a newt survey training course. Claire Andrews from CA Ecology based in Rotherwick is a fully licensed professional ecologist and brought a group of students to undertake surveys of the three ponds 18th/19th March – with findings as follows...

In the biggest pond we caught 11 female GCN and found eggs which shows evidence of breeding.

In the middle pond we had 13 male GCN and two female along with a male and a female smooth newt, again we found a GCN egg showing evidence of breeding.

In the small pond we found no newts, though a single survey (especially this early in the year) doesn't mean that newts don't use the pond, just that we didn't find them this time – they are quite likely to use the pond at some point despite it being of lower quality than the other two.

### CURRY AND QUIZ NIGHT

The Social Committee would like to thank all those people who supported the Curry and Quiz Night. It was an excellent evening, raising in excess of £500 for Village Hall funds. The table displays were superb; a certain film had inspired a number of the decorations!

## PARISH COUNCIL NEWS

Your Parish Council is pleased to announce the installation of a new public access defibrillator (PAD) and we wish to thank the Charity the Friends of St Mary's Mapledurwell for their grant towards the cost.

The first unit has been installed at the Gamekeepers pub in Mapledurwell by kind permission of the Publican Phil Costello who will be generously be providing the electricity and monitoring the unit on a weekly basis.

The Defibrillator is mounted in a locked green box on the outside of the pub to the left of the front door by the outside tables.

If you suspect a heart attack and the individual is unconscious and not breathing first call the ambulance service calling 999 who will request you start CPR and if second person is present the call handler will provide the access code and request that they collect the unit.

The unit needs no special training users simply follow the voice prompts the unit will give them.

The Parish Council plans to install a second unit in the old Red Telephone box located by the UP-Nately pond on the Greywell road following its refurbishment, probably in May 2015.

## Mapledurwell allotments

Available to residents of the parish of Mapledurwell & Up Nately. This includes one established plot. Please contact Russell Price on 01256 329 680 for further information.

## Soccer Pitch – Dog Fouling

There has been an increased incidence of dog fouling on and around the soccer pitch. If you exercise your dog in this area please use your imagination and consider the youngsters who play there. Keep an eye on your dog and clear up properly if they foul the area. Best of all – keep them well away from the pitch until they have been, but still keep an eye on them after that. Thank you.

## When lighting bonfires

Please take account of the wind direction and be considerate of your neighbours who may wish to use their gardens. Thank you.

## THE ANNUAL PARISH ASSEMBLY

will be held on Wednesday 20th May at 8pm at Mapledurwell & Up Nately Village Hall. All welcome.

## LITTER AND FLY-TIPPING IN ENGLAND

THE COMMUNITIES AND LOCAL GOVERNMENT COMMITTEE PUBLISHED ITS REPORT ON LITTER AND FLY-TIPPING IN ENGLAND ON 16TH MARCH

<http://www.parliament.uk/business/committees/committees-a-z/commons-select/communities-and-local-government-committee/publications/>

**'The evidence of our own eyes, the photographs tweeted to us, and the evidence we took during this inquiry lead us to the conclusion that England is a litter-ridden country compared to most of Europe, North America and Japan. Change is needed.'**

The cost of litter to local authorities is (best estimate) £717 to £850 million.

### Recommendations from the report's concluding 'Strategy for change'...

'We encourage councils to think through their strategy on bins. In some places no bins may be better. In other places brightly-coloured, solar, compacting, talking bins or recycle on-the-go facilities may be the means of encouraging people to use them and to save on both the collection costs of litter and emptying bins.

'There is a division of responsibilities between Government departments which creates problems for industry and volunteer groups. We recommend that the Government create a national litter strategy for England with a clear framework for action. This must be underpinned with a coordinating role for local councils.

'It would be much better, and cost-effective, to remove the anomaly which gives the Highways Agency responsibility for maintaining trunk roads and another body responsibility for cleaning them. We understand a proposal to transfer trunk road cleaning responsibilities to Highways Agency is under consideration.

Councils should be more proactively engaged with local voluntary groups and charities who may be willing to collect discarded goods from households free of charge. In addition, we recommend that industry take away bulky items when they deliver replacements, as is already the case in relation to fridges.)

We strongly support the premise that a portion of tobacco levies should be provided to local councils to pay for the cost of clearing cigarette-related litter.

**Penalties for fly-tipping** We accept that prosecution is often difficult and costly. The Government should introduce a national fixed penalty notice which would require the lower standard of proof required for a civil penalty.

**Littering and fly-tipping from vehicles** The Government has been slow to update legislation relating to litter thrown from vehicles and fly-tipping from vehicles. We recommend that it bring into operation long overdue legislation in the Clean Neighbourhoods and Environment Act 2005 providing for the seizure of vehicles involved in fly-tipping offences. We also recommend that it extend immediately to all local authorities in England, the powers in the Anti-Social Behaviour, Crime and Policing Bill 2014 to impose penalties on the owner of a vehicle from which litter is dropped.

**Penalties for litter** We see a case for increasing the maximum Fixed Penalty Notice (FPN) level both to encourage local authorities to make greater use of FPNs and to provide additional resources to remove litter.

## NEWNHAM SPRING LITTER PICK

Many thanks to all those volunteers (12 must be a record), and Maria Miller our local MP, who collected a huge amount of litter, just six months after the last litter pick. This is well illustrated by the adjacent photo and clearly shows the massive litter problem that exists in this country which is getting worse year by year. So perhaps we should all be writing to our MP to request the Government takes action to resolve this appalling situation... John Broughton

See *Communities & Local Government Committee report Litter and Fly-tipping in England (page 3)*. The Parish Council contributed to the enquiry in October 2014 with reports from the Newnham Litter pick and the Barracks.

1. Inappropriate development in open countryside location outside designated Settlement Boundary of Hook within an area designated as a Local Gap between Hook and Newnham, and would lead to the physical and visual coalescence of these two settlements.

In the absence of any identified policy justification for such development, the proposal is considered to be contrary to saved policies CON21, RUR1, RUR2 and RUR3.

2. Does not contain sufficient safeguards to deliver and retain suitable provision for affordable housing provision. As such, contrary to saved policy ALTGEN13.

3. Does not guarantee appropriate mitigation for the impacts of the development on the infrastructure of the area, in particular in respect of education facilities, open space and leisure and local transport. As such, contrary to paragraph 4.6.1 and saved policies URB23 and T16.

## REVD MICHAEL JAGGS

The people of the United Parish were greatly saddened to hear of the death of Revd Michael Jaggs and many attended his funeral service at All Saints' Odiham on February 12th.

Michael served as the House for Duty priest in charge of these five villages from 1998 until his retirement in 2008, having previously helped out during the interregnum following the retirement of Revd Michael Hawes. He was well respected for his dignified and reverent approach to worship, and admired for the way he combined his ministry with a very demanding full time career. He conducted many baptisms, weddings and funerals in his time as priest here and through them touched the lives of many people in the local community.

In his regular column in the *Villager* he would often touch on global as well as local issues; always well informed, clear and straightforward in his views, often humorous but never one to pull his punches.

After his retirement he continued to be involved in leading worship at St Nicholas' and St Swithun's for a while – and during this time completed the Newnham project to augment and refurbish the peal of church bells.

The five churches send their love and sympathy to Jan and all the family.

**Pictures from a piece written by Michael for the *Villager* in October 2010 on the dedication service – for both the St Nicholas' Churchyard addition and the new bells**

**Jan and the family would like to thank friends and parishioners for their very kind support and prayers over the passing of Michael**

Dear Friends  
Easter falls right at the beginning of April this year: the season of hot cross buns, Easter eggs, and simnel cake. As a child I remember

we always had roast lamb for lunch on Easter Day with the first new potatoes – which was a real treat in the days when they were not available all year round! I do love food, but even I really can't understand why people today take photos of their food and display it, share it instantly, on the internet. It's called 'food posting' – showing off a plate of pancakes or a pile of profiteroles, whether homemade or in a restaurant – for all the world to see on social media sites. There might be an element of 'aren't I clever to have made this wonderful desert?' or perhaps 'aren't I virtuous to be eating this healthy salad?' or just 'see what a grand restaurant I'm eating in!'. It defines something about us, it helps to shape our public image. Even my own children do it – decorated cupcakes, a hearty roast beef and Yorkshire pud, elaborate cocktails and a full English breakfast have all appeared on Facebook. I'm not too sure what any of that says about them – although as mum I do like a little peep into their lives!

The Gospels invite us to see food in a very different way. Jesus clearly enjoyed his food – his detractors accused him of gluttony and of not being holy enough. He knew how to enjoy a good meal and in his time, just as in Jewish culture today, hospitality and sharing a meal was central to social and religious standing.

But Jesus went further than that and introduced to us the meal that Christians share, Sunday by Sunday and sometimes day by day, the bread and the wine of Holy Communion, the Eucharistic feast as it is often called. On Maundy Thursday, the Thursday just before Easter, we remember his Last Supper with his disciples, as they shared bread and wine and he told them to continue doing that 'in remembrance of me'. This was to be more than just a memorial of his broken body and outpoured blood; it was to be a way of reliving the sacrifice he made on the cross for them all.

Jesus went from that Last Supper out to the garden where he was betrayed by Judas Iscariot, arrested and taken for trial. On Good Friday he was crucified and laid in the tomb. Saturday was the Sabbath and everyone stayed at home but early on Sunday the women went to the tomb to anoint his body – and found that tomb empty and his body gone. It is the Easter Day miracle of the resurrection that we remember together every time we share the bread and the wine and doing that forms us into a community, a body, the Church.

And so, just as Jesus' death was sacrificial – self-giving for us all – so the Church is a community that lives for

others and our shared meal is not about image or pride, but about blessing and gift and relationship. This, I think, is the kind of news we should be posting today: an invitation to come and share the Easter banquet with us.

With my love *Jane*  
Revd Jane Leese

## Quiz Night

### REPORT FROM THE N HANTS DOWNS BENEFICE QUIZ

The South Warnborough Quiz Team successfully defended their title at the Benefice Quiz Night on Saturday 7th March.

The event was very well supported by all parishes in the Benefice and for the second year running the South Warnborough team fought off the stiff competition to finish top and claim the magnificent trophy.

Our thanks go to Lewis and Linda Scard and Sian Taylor for their help in organising the event. In particular we thank Lewis for compiling and presenting the quiz, and Linda and Sian for marking the answers and keeping score. Over 100 people attended the event and an enjoyable evening was had by all.

## POLICE UPDATE

Dear Residents,  
A busy month within your parishes. During the evening/overnight of Wednesday March

4th and Thursday 5th the office of Hook Tyres in Old School Road at Newnham was broken into. I ask if anyone saw anything suspicious between these times in that area, if you can help with any information, please give me a call direct.

On Monday March 23rd I reported a man from Basingstoke for summons for possession of cannabis after being found at the Village Hall car park in Mapledurwell. This is an ongoing problem and while thanking the public for their calls reporting suspicious vehicles in that area, I ask that you please continue. We have also charged a man for an assault, again in the Mapledurwell area.

We are also currently dealing with a death related incident which is ongoing in Andwell, but which I can assure you is an isolated incident which will have no impact on you or indeed the local community.

We have had reported suspicious vehicles seen at The Green Lane entrance off Crown Lane and we have also had our blue VW Golf RV13 JYC seen calling at premises looking for scrap metal. Other 'visitors' include several Irish men offering cheap chainsaws for sale, along with boots and socks all brand new, while not stolen the adage 'You get what you pay for' springs to mind! Again if they call on you, please give us a call, they have an Irish registered white Transit, 141-G-1950, a white 4 x 4 registration EW64 EWG and other vehicles. As always regarding these or anything that strikes you as out of the ordinary or suspicious, please give us a call.

Also may I make you aware of a recent increase in the thefts of Land Rover Defenders from across northern and central Hampshire, frequently from railway stations. If you have such a vehicle please consider additional security being fitted; several have been involved in crime after being stolen.

And finally, the rural policing issue is again foremost in a lot of residents' minds, especially as the changes are set for April 1st. I can however report at this time of writing, a positive meeting was held at Police HQ on the 16th March with a local Councillor and resident and a Senior Officer. A plan has been drawn up and local representatives are now arranging for a suitable response. I will update you with more as soon as possible and again thank everyone for their continued support for dedicated local policing in this area.
